November 2026 Session

Opening Doors to Access through Assistive Technology: What is it and How Can It Help Students Succeed?

Wednesday, November 18
4:00 p.m. – 5:30 p.m. Held virtually

During this interactive session, you will learn how to leverage Assistive Technology (AT) to empower students across all learning environments. Here's what to expect:

- Understand the differences between low-tech and high-tech tools.
- Share real-world examples and collaborate with peers in breakout rooms.
- Explore broad-range technology access strategies
- Learn how AT fits into the IEP process and what essential questions to ask during team meetings.

You will leave with actionable insights and practical steps to help you advocate for students to thrive!
