

## Join Us for an Online Book Study! "The Explosive Child"

(Dr. Ross Green)

Dr. Ross Greene, a distinguished clinician and pioneer in the treatment of kids with social, emotional, and behavioral challenges, has worked with thousands of explosive children. Explosive kids lack crucial skills in flexibility/adaptability, frustration tolerance, and problem-solving, requiring a different approach to parenting.

Wednesday evenings: 11/13/24, 12/11/24 & 1/8/25  
7:00 p.m. – 8:00 p.m. on Zoom

Dr. Greene's Collaborative problem-solving model promotes working with explosive children to solve the problems that precipitate explosive episodes and teaching these kids the skills they lack.

This book study will help families and educators understand the factors that contribute to challenging episodes and help you solve the problems that cause them. Join us as we learn together!
