This workshop will give participants the essential tools to prepare for **meaningful transition conversations** with IEP teams.

During our time together, participants will understand **the Postsecondary Transition Plan (PTP)** process, how to be actively involved and who can help support the transition to life after high school.

Just like every great recipe, each transition plan is unique, seasoned with a person's individual strengths and needs.

Come cook up a successful future with us!

Registration is required by Nov 3rd to plan for space and food needs.
